Rates

1. Effective Date and Discounts

- a) **Effective Rate Date:** January 1, 2023
- b) **Agency Commission:** 15% discount will apply to all orders.
- c) **Short-Rates and Rebates:** Advertisers will be short-rated if they do not use the amount of space upon which their advertising has been billed during the 12-month contract period. Money will be rebated if they earn a higher frequency rate.
- d) **First-time Advertisers:** First-time advertisers/agencies must complete a credit application and prepay advertising to ensure proper placement. Call Advertising Services at (312) 464-2455 for assistance and credit approval information.

2. Earned Rates

- a) **Policy:** Rates are subject to change upon 60 days notice to current advertisers. Full ROB pages, fractionals, and insert pages each count as one time toward the earned frequency during one contract year. Space purchased by a parent company and its subsidiaries may be combined for computation of the earned rate.
- b) **Combined Frequency Savings:** All pages in *JAMA* and the *JAMA* Specialty journals combine to determine an advertiser's earned frequency level.
- c) **Prescribing Information (PI)/Important Safety Information (ISI) Discount:** Advertisers earn a 50% discount beginning with the 3rd PI/ISI page. Excluding demos.
- d) **Advertiser Savings Program Guidelines:** The Advertiser Savings Program is effective with January 2023 insertion orders.

Incentive Level	Savings	
	Rate	Minimum Savings
\$300,000 to \$500,000	1%	\$3,000
\$500,001 to \$1,000,000	2%	\$10,000
\$1,000,001 to \$1,500,000	3%	\$30,000
\$1,500,001 to \$2,000,000	3.5%	\$52,500
\$2,000,001 to \$2,500,000	4%	\$80,000
\$2,500,001 to \$3,000,000	4.5%	\$112,500
\$3,000,001 to \$3,500,000	5%	\$150,000

- The 2023 Advertiser Savings Program is based on an advertiser's 2022 gross advertising in all of the American Medical Association's (AMA) print and digital media, except covertsips.
- The Advertiser Savings Program follows all policies pertaining to existing AMA combined earned frequency previously established by the AMA. This combined earned frequency policy is outlined in Section 2b of this rate card. This program does not apply to the purchasing agency spend; only recognized advertiser parent companies and their subsidiaries earn savings in the Advertiser Savings Program.

e) Product Continuity Program: The *JAMA* Product Continuity (PC) Program is a product insertion program that begins with January 2023 insertions. The program begins with a minimum of 12 product insertions in *JAMA*.

Level	Minimum JAMA Insertions	Free Insertions
1	12	1 Free
2	15	3 Free

Program Components

The minimum insertion level must be reached before the free insertion(s) can be realized. Free insertions do not go toward earned frequency rate. One full page is the minimum insertion size.

Product Continuity Program Launch Component

If you have a new product, and it launches into the marketplace after January, you can still take advantage of the free insertions generated by the PC Program. Contact an Account Manager for details.
